CREDIT UNION NEWS

AN OASIS FOR SAVINGS OR LOANS

Your credit union encourages both. Save the credit union way! Build up your savings for future emergencies. If you don't need the money it continues to earn liberal dividends and life insurance. Borrow for present needs, it's good business to take advantage of bargains and consolidate bills into an insured credit union loan. Unpaid loan balances are insured against death at no extra cost to the borrower.

If you have had unusual expenses and find your income barely covers current monthly bills and time payments, come to your credit union.

Many of our members have found that it is much easier and cheaper to pay us one good sized amount once a month, than it is to try to pay a large number of small accounts scattered over the entire month. Often, you can get a discount by paying cash on a slow liquidating debt. There are many reasons why we get into this condition and we stand ready to sit down with you and work out a plan whereby you may get yourself on a cash basis. You will find it a very satisfactory solution to a most troublesome problem.

WAKE UP AND SMILE

T'aint what we have

But what we give;

T'aint where we are

But how we live;

T'aint what we do

But how we do it

That makes this life

Worth going through it.
