LIBRARY NEWS

Venture to the Interior - Laureus Van der Post

Colonel van der Post, a British subject born in South Africa, is commissioned to obtain information about two vast tracts of land in British Central Africa which might help Britain to become independent of alien sources of food. His encounters with the solitary white men guarding the great cedar forests and unhappy half-castes and joyous Africans impart a fresh affirmation in humanity.

The Long Goodbye - Raymond Chandler

A rough, hard-hitting murder story similar in manner to those written by Mickey Spillane. A very good plot and a surprise ending makes this a "must" for those who like thrillers.

NOTE: Those with overdue books are requested to return them to the library as soon as possible.
