LET'S PLAY GOLF (cont.)

Before finalizing arrangements for transportation etc. we need to know how many are interested. So whether you're "good" the "world's worst" or "just starting to play" "haven't played for years" or are in the "I'll have to borrow a set of clubs to play" class, if you have the yen to get at the game again and would like to go down with the Terrace Bay gang on August 7th, get in touch with: Howard Solly (in the Mill), John MacDonald (at the Hotel), Dr. David Acal (at the dental office in the Townsite) or Fred Soughton in the Admin. Office. All we want to know is that you want to play, you're average score the last time you played and whether or not you need transportation.

And while we're on the subject, perhaps it's not too soon to organize golfers at Terrace Bay. It will be a great day when we get a local course!
