Casey Adams.

FIRE PREVENTION NEWS

"Let's grow up - not burn up" is this year's slogan for Fire Prevention Week, it was announced today by Fire Chief Geo. C. Maitland.

Terrace Bay will join with thousands of other communities across the country in observing Fire Prevention Week which **Governor-General Massey** has proclaimed for the week of October 3-9.

"Our aim during Fire Prevention Week," Chief Maitland stated, "will be to sell everyone on the idea that fire prevention is a life and death matter; that each individual owes it to himself, to his family and his community to think and act fire-safe every minute of the day the year-around."

Terrace Bay Fire Prevention Week program according to the chief, will feature inspections, youth and school activities etc.

Cooperating with the fire department in this year's campaign are: school authorities and women's groups.

Fire Prevention Week is the oldest and most widely observed of all special weeks, Chief Maitland said. It traditionally includes the anniversary date of the Great Chicago Fire which, on October 9, 1871, took 250 lives and destroyed 17,430 buildings at a direct loss of over \$168 million.

ATTENTION MEN

The response to our call for names of those interested in a Thursday night program of Basketball, Volleyball, etc., has been rather poor. Because of the Labour Day holiday weekend, Shutdown in the Mill etc., these posters in the mill may have been overlooked. Therefore, we are leaving the posters and lists up for one more week and providing we get enough names then, we shall start a regular series of these nights on Thursday, September 16th.
