

KRAHN AND MORO ACCLAIMED MVP'S AT
T.B.A.S.A. WIND-UP

With approximately one hundred and seventy-five invited guests, members and escorts in attendance, the Annual Wind-up of the Terrace Bay Amateur Softball Association held last Friday night in the Auditorium of the Continuation School was hailed as one of the most successful events of the season as well as a perfect ending to the softball season.

At this "Fall Ball", a variety of pretty flowers offered by local residents adorned the many tables, as well as trays of assorted dainties and smart souvenir programmes ingeniously made up. Banners carrying the names of the six teams participating in the league were placed about the auditorium. Twenty-two trophies were given a prominent place of honour on tables near the stage.

Vice-President Peter E. Mazza acted as Master of Ceremonies for the presentation programme. After welcoming the guests to the evening's entertainment, Peter called upon Gordon Rowlandson, Chairman of the Terrace Bay Recreation Association to present the Fraser-Brace Trophy, emblematic of softball supremacy, to Jim Moro, captain of Shift #2 (Inter Lake services). In his remarks, Gordon congratulated Jim and his boys for their wonderful fete, as well as taking the occasion of congratulating the Softball Executive and thanking all players who helped towards the success of the League. In his brief response, on behalf of his team, Jim thanked Gordon, Fraser Brace, his sponsors Inter Lake Services, the Softball Executive and the personnel of

opposing teams for their fine sportsmanship. President Ed Pineault assisted Gordon Rowlandson in the presentation of miniature trophies to each member of the champion team. These trophies were made possible through the courtesy of the Fraser-Brace Co. and the Terrace Bay Amateur Softball Association.

Due to the unavoidable absence of Harvey Shable, Lakehead Representative of the L. J. McGuinness Co. Ltd., Secretary M. Betty Austin presented their five trophies in commencing with Benny Grose for his 500 in the Highest Batting Average. For his twenty-four times of circling the bases, Jim Moro was presented with the Most Runs Scored trophy. Because of nineteen runs scored through his efforts, Henry Krahn was awarded the Most Runs Batted In trophy. The Best Pitching Record ended in a tie between pitchers Ed Aho and Alf Adrian with a lowley 2.05 earned runs average charged against these best pitchers of the season.

What had been held as a tight secret from the time of its decision to the moment of its announcement, the Most Valuable Player award, tied between Shortstop Henry Krahn of Shift #4-Structural and First Baseman Jim Moro of Shift #2 (Inter Lake Services) was acclaimed with a loud ovation when Betty made this award public. This cheerful approval continued as both Henry and Jim slowly approached the stage for their trophies donated by the Terrace Bay Amateur Softball Association. In accepting their trophies, both Henry and Jim, still under the effects of a complete though happy surprize, managed to express their heartfelt appreciation for the honour bestowed upon them.

(Scribe's Note; In order to declare the MVP award, the chaired officers spent considerable time as well as a series of voting. Through an elimination process, Henry and Jim were jointly vested with this great honour. The chaired Executive wish to extend "Honourable Mention" to Ed Brady, Bill Borsum and Murdo Campbell of Salary; Pete Diduch of Shift #1; Dermot Cooke and Marvin Osmar of Shift #2 (Inter Lake Services); Bob Burella, Cliff Woods and Ray Stachiw of Shift #4-Structural who were contestants in this all important election)

Following the presentation of individual awards, Ed Pineault presented the Honorariums which were decided upon between
