

CURLING NEWS

The club executive request that a member of the club be present at the rink to act as umpire for mens league matches.

In order to distribute these duties evenly to all members, a schedule will be posted indicating each skips turn to provide a representative of his rink to enforce club curling rules.

Brooms - The Curling Club received a shipment of brooms to be sold to the members. Contact Ned West or Len Crockford if you wish to buy a broom.

The "roarin" game got off to a bang up start on Monday November 15th as the mens league started in the new curling rink.

Three sheets of ice were in use and with a large crowd of spectators curling in the new rink was off to a very successful season.

The first four games are a sort of limbering up process, to take the kinks out of the rinks and the players. From the number of wins in the first four game round the rinks will be placed in their respective divisions and the battle will be on.

House Rules - Club House rules are now posted in the Curling Rink. An umpire is scheduled to be at the rink each night so any disputes should be settled on the spot. But if any dispute or interpretation of a club rule cannot be settled the skips are asked to write to the Secretary of the Club for a ruling by the Board of Directors.

For the information of the members listed here are the committee. chairmen for 1954-55.
