Division Curling Underway!!!

Monday, December 6th the Men's Club began their regular division curling. There are five divisions. The rinks were placed in their divisions by the qualifying first three games. There are 6 rinks in each division which will play each other once. Then on points received they will move to a higher or lower division???

Please turn to Page 9 for rink divisions -- and points scored for a win in each division. So the battle is on. We will try and keep you posted on the results.

Week-End Curling - December 5th and 6th

Visiting rinks over the past week-end were from LongLac, Red Rock, Nipigon, Rossport, Schreiber, Marathon, Fort William and Port Arthur.

The local curlers saw some real good curling by the visiting rinks in spite of the fact that most of the rinks do not have ice yet and it was their first game of the season. Your writer did not see all the games. Rossport tied with Boudreau's rink, Schreiber were beaten by Vic Duquette and Jim MacDonald downed Nipigon in a very good contest.

The "behind the glass curlers" were watching Grant Watson's rink from Port Arthur, and saw some lovely curling. The Watson foursome beat the Fort William entry and Jack Wellings. But the Terrace Bay Club's laurels were upheld by Thor Olsen, Ole Olsen, Ned West and Hugh Hamilton. This rink beat Watson Saturday night by 6-3. Although a late start of the game only left time for eight ends of play the Watson rink scored on only two ends of the eight curled.

The curlers, visitors and local had a good week-end of curling. The visitors were very complimentary on the condition of the ice, in fact so much so, that five of the visiting rinks made application to curl in the Club's spring Bonspiel.
