MUNICIPALITY NEWS

Water Heaters to go on Flat Rate

Household water heaters are to be changed from the present meter rate to a flat rate. This changeover is now in process. Following domestic rate comparisons apply:

Present Rate

40 KWH @ 3.5¢, 180 @ 1.6¢ Balance @ 0.75¢ Service Charge 56¢.

New Rate

60 KWH @ 2.7¢ Balance @ 1.0¢ 35¢ per installed 100 watts for water heater.

The new rates and the flat rate for water heaters will result in a reduction in cost of power to domestic consumers.

Flat Rate for Water Heaters Will Be

500 Watt Heater \$1.75 per month
1000 Watt Heater \$3.50 per month
2000 Watt Heater \$7.00 per month.
