RECREATION FLYER

On Friday, January 21st, the Terrace Bay Bantams and Juveniles will face a double-header with Marathon Bantams and Juveniles. The Bantam game is scheduled for 7:15 and the Juvenile game for 8:30. Admission charges will be: Adults - .25¢ Children and Students - 10¢. Come out and support these youngsters!

The Arena Schedule found on the back pages of the Terrace Bay News has been revised so that complete activities for the week following publication of the News will be covered.

Membership Cards

For those who intended to be 1955 members but who are not on payroll deduction, membership cards are available at the Recreation Office. It is again to be noted that this year's membership cards must be carried by the members as they will be requested to be shown. Children under six years of age are not issued membership cards.

Again we would like to remind parents that dogs are not allowed in the Recreation Centre, and we would ask their cooperation in seeing that their children do not take along their pets when visiting the centre.

TERRACE BAY CONCERT SERIES

Terrace Bay is having something quite unique in dancing on Wednesday January 26th.

"The Willy Blok Hanson Dance Trio", promises to be the most interesting and novel concert ever to come to Terrace Bay.

Miss Hanson's repertoire for concert performances includes dances from Java, Sumatra, Bali and North India performed in traditional style with authentic costumes and head dresses.

She has danced and studied in most of the famous capitals of Europe and the East Indies.

This particular concert is offering interpretative dance numbers such as "The Woodcarver's Wife" (A French Canadian Dance), "Bunga Kambadja" (South Sea Island Dance Legend), "Bravado and Lamant" (Spanish Dance Pageant), "The Loon's Necklace" (A North American Indian Dance Legend) and many others.

These same concerts according to folders we received, cost \$2.00 per person in Toronto. In Terrace Bay the tickets are \$1.00 for adults, and 35¢ for children.

CREDIT UNION NEWS

Submitted by Credit Union Secretary
At First Glance

"Credit Unions are basic cooperatives. When people need cash to start or expand their co-ops then Credit Unions help them build up their savings.

When people need credit to make full use of their stores and services, and they often do, then the Credit Union enables them to get their credit co-operatively and still operate.

Furthermore, both thrift and credit are so essential in our modern world that the co-operative whose function is to promote thrift and provide credit is a basic one.

Dotted over the western hemisphere are groups of people whose hope for a good life was, a few years ago, very dim indeed. Among such groups were the fishermen of Nova Scotia, the tenant farmers of North Carolina, the Caribs of British Honduras. They tried many ways to better their lot but people who are fighting a losing battle against nature and human exploiters soon find, when
