CONSERVATION CONVENTION AT TERRACE (Cont.)
have finally brought this matter to a head.
The Ontario Department of Lands and
Forests have decided that this is a
matter of great importance to the District
and are, as a result, sending Dr. Hark-
ness and two other members of the Depart-
ment from Toronto to attend this meeting
at Terrace Bay. Dr. Harkness is well
known to the Conservation groups in
Ontario and as Chief of the Fish and
Wildlife Division of the Department has
done a great deal towards the conserv-
ation of our fish and game. Mr. Taylor
and Mr. Perrie Department representatives
from Geraldton will also be in attend-
ance. Members from the Nipigon Board
of Trade, Commercial Fishermen and Out-
fitters from the north shore will be on
hand to take part in the discussion.

THIS IS AN INVITATION TO ALL INTERESTED
IN THE FUTURE FISHING IN LAKE SUPERIOR
TO ATTEND THIS MEETING. All are welcome
and your questions and ideas will be
greatly appreciated. This is your chance
to present your suggestions to the proper
Authorities so be sure to keep the 2nd
of April open and attend these meetings.

A program of the weekend activities
will be posted both in the Terrace Bay
News and on the mill bulletin board
shortly.

CONSERVATION CONVENTION AT TERRACE BAY
APRIL 2ND AND 3RD 1955

On April 2nd and 3rd there will be
a gathering of representatives from the
Conservation Clubs of Northwestern
Ontario at Terrace Bay. Members will be
here from Fort Francis, Upsala, Port
Arthur, Fort William, Red Rock, Geraldton,
Nipigon, Rossport, Jackfish, Marathon and
Terrace Bay. There has, for some time, been
a great deal of controversy over the way
the Commercial fishermen have been placing
their nets along the north shore of Lake
Superior. The Nipigon Board of Trade

CREDIT UNION NEWS

The Purpose of Govt. Inspection of Credit
Unions

The purpose of government inspection
is:

1. To verify the correctness of the
annual statements filed with the
Inspection Dept. to determine that
proper accounting records and con-
trols are maintained. This involves
ascertaining that the financial
statements not only agree with the
records but they also reflect the
true financial position with assets
shown at realizable values and
liabilities fully stated.
2. To reveal policy or trends likely
to lead to financial difficulties
and to take action to remedy such
situations. This involves an appraisal
of the capabilities of the officers
and their interest in and application
to their credit union duties.
3. To ensure that a credit union is
being operated in accordance with the
Act and its own by-laws.
