VERSUS

CAL'S ICE BUSTERS

MONDAY, MARCH 14TH,

AT 8:00 P.M.

On Monday, March 14th, Terrace Bay will see those Structural Sensations Cal's Ice Busters and the Maintenance Maulers, Herman's Wolves, in the ice spectacle of the season. These two teams will clash in a hockey game for the benefit of the minor league.

These players are rated as "non-skater professionals". They haven't been on skates for 15 years or more, or they have never been on skates.

Recently the Penticton Vs demonstrated to the world how hockey should be played, and at present Canada is sitting on top of the hockey world. This game will no doubt set hockey back at least 50 years.

The losers of this coming game it is reported will be sent to the salt cake mines in the Yukon.

So folks don't miss this game of the season.
