LIBRARY NEWS

Skool Scandinavia - Edward Streeter

By the author of "Father of the Bride". A most interesting and informative account of a seven weeks motor trip thru Norway, Sweden and Denmark. It is not only about places but of people and incidents, humourously related by the author.

Toasted English - Margharita Laski

If you enjoy clever and amusing satire here is a book for you. Five British subjects three men and two women escape from Singapore and are marooned on an island off New Guina. Upon being rescued and returned to England they find the new Government has made some drastic changes. The author pushes the caste system to an absurdity in a shrewd and humourous manner, one to make her readers not only laugh, but think.
