DRUMS OF TAHITI (Tech.)  
 starring Dennis O'Keefe,  
 Medina and Francis L. Sullivan.

YOUR RECREATION COMMITTEE

The ice is now melting in the arena and it is time to consider how best to use the building for summer activities.

First of all, one hundred pairs of fibre wheel roller skates are on hand and as soon as the ice melts and the terazzo floor is scrubbed this activity can start.

Other uses which might be considered for the arena could be the possibility of holding either a conventional or a cabaret dance during the summer months. The recreation committee will consider requests for a banquet permit for legitimate uses of the arena for summer activities.

The mill engineering department is also investigating the possibility of radiant heating in the arena by utilizing the present brine pipes. No answer is available on this as yet but if successful it would mean that the arena could be used for dances and shows anytime from May 1st to November 15th.

As usual, make your requests for reservations or permit to the recreation director.

Any of the committee members will be glad to hear your comments.

Chairman, M. O. Nelson, Asst.  
Chairman, Joe Adamo, Committee, W.

Director, J. Fraser, Asst. Director,  
 R. Newton.

KIWANIS CLUB CELEBRATES CANADA-U.S. GOOD WILL WEEK.

On Tuesday evening the Terrace Bay Kiwanis Club by means of a special program celebrated U.S.-Canada good will week. Chairman of Public Relations, Ken Wepler was in charge of the program and conducted a quiz on aspects of the two countries. In addition, messages of friendship were read from Kiwanis Clubs across the border.

Thirty-four years ago, U.S.-Canada Good Will Week was established as a project of Kiwanis International. It was especially fitting that Kiwanis should take the lead in local observances of U.S.-Canada Good Will Week, because this service organization confines its activities to the two great English-speaking North American countries, and their dependencies.

U.S.-Canada Good Will Week is the period between April 24th and April 30th. This week includes the date of the signing of the Rush-Bagot Agreement (April 28th, 1817,) a document which virtually demilitarized the boundary between the U.S.

and Canada by calling for a limitation of Naval vessels on the waterways and instructing those which were deemed necessary to interfere in no way with the peaceful passage of merchantmen of either country. This agreement could be terminated by a six-months notice on the part of either signer. It was this document which made possible the 3000-mile unfortified border between the two countries which has never been violated.

The Terrace Bay Kiwanis Club takes pride in joining the 4,000 other Kiwanis Clubs in the United States and Canada to celebrate this cause of international friendship.
