LARGEST CIRCULATION IN TERRACE BAY

May 26, 1955.

## SO WE GET THE GOAT!!

Back in 1950 a Safety Contest was started between Spruce Falls Power and Paper Company at Kapuskasing and our LongLac mill here at Terrace Bay. Somehow or other the idea of a goat got mixed up with the contest and at times it's been called a "Goat Contest". So following the 1950 competition (during which LongLac ended up on top) we had a "Goat Trophy" designed and presented to Kap in a fitting ceremony. Kap has since retained the trophy as they ended up in second spot also in '52 and '53.

But last year the tables were turned and Kap headed the two-unit parade. Not to be out-done and following a long-standing threat that we'd really "get the goat" when the tables turned, our friends at Kap have decided to act literally.

And so on Friday afternoon, June 3rd at 4:00 p.m. outside the mill entrance (or in the Pulp Storage Building if the weatherman dictates) there will be a presentation ceremony to which everyone in town is invited. (Unfortunately those on the 4-12 shift will be required at their jobs to keep the mill running but otherwise everyone who can be spared should make a special effort to witness the proceedings).

Fortunately we have expert advisors on goats in our ranks so the animal should receive the best of care. It hardly need be added that it will be treated with respect, goats being what they are  
(Cont. on next col.)

### SO WE GET THE GOAT (Cont.)

By the time the News goes to press again, more details will likely be available. In the meantime don't forget the time of the presentation ceremony - June 3rd at 4:00 p.m.
