RECREATION FLYER ROLLER SKATING

We would like to let all skaters know that more skates are on order. Those who have been getting out and finding no skates will be able to skate soon without too much worry of all being taken.

Wednesday afternoons have been set aside for roller skating. If you are a beginner or even a good skater here is your chance to skate. The time is from 1:30-3:30 p.m.

Saturday afternoons have been not too successful because of the lack of small skates. Until we receive our small sizes it will be an open skate for High School and Public and Separate School children. Remember the time is from 2:30-4:00 p.m.

SOCCER PLAYERS

Until we can do more to the South Camp field all practices will be held on our local ball field. Even though the weather is not tops, we received a letter from Beardmore asking if we were ready to play their teams.

Interest is growing in Soccer so why don't you get out and try kicking that ball around. The regular practice schedule will be posted soon.
