

PLAYGROUND SENIORS TOUR PAYS PLATT (Cont.)An Impression of Pays Platt by Peggy Shirriff

The day we went to Pays Platt was very warm. We saw all the fire equipment and boats. An OCA plane from Kenora landed by the dock. Then we ate lunch, which we had brought. After lunch we drew pictures and wrote stories. Some of the children went wading. Some of them crowded around the plane and some just lay in the hot sun. Then the plane went out and in about a half an hour it came back. After getting filled up with gas it went back to Kenora. The boys had made pea shooters out of reeds but Mrs. Middaugh took them.

PLAYGROUND SENIORS TOUR PAYS PLATT

Forty-three seniors, with volunteer drivers, Mrs. J. Todd, Mrs. A. Berndtsson and Mrs. J. Knight and bus driver Don Anderson enjoyed a trip to Pays Platt.

Though we were a day ahead of Mr. Mapledoram's tour of inspection, ours was just as thorough.

We were met by the chief forest ranger, the two dogs "Buff" and "Smokey", and the intense heat. We were taken on a tour of the station at which time the fire fighting equipment and its maintenance was explained to us. Everything was thoroughly inspected including the swallow's nest in one of the buildings. A Sea Lamprey and its prey and a poor speckled trout both were pickled in jars. All of us were disappointed when informed that the target practice was cancelled because the stations three planes were out fighting fires. However, two planes, a Norseman piloted by Rex Kitley of Kenora and a Beaver piloted by Jimmy Kirk from Geraldton landed for refueling while we were there. Never before have they been met by a more interested crowd than that from Terrace Bay.

The rest of the time was spent in sketching, writing impressions of Pays Platt, pulling reeds for crafts, berry picking, eating lunch, and sightseeing.

Sincere thanks are expressed to all those who made this trip possible.
