

RECREATION FLYERNON PAYROLL DEDUCTION RECREATION MEMBERS

At this time we would like to request that all the members who have been billed since July for the July-December period, and who have not as yet paid their account to come into the Recreation Office and settle their account so that they and their families may take part in our winter activities.

TERRACE BAY-SCHREIBER ART CLUB

This is just a reminder to all members of the Club that Mr. Butler will be present this Thursday. A great many will remember Mr. Butler as being the man the Community Programmes Branch sent to Terrace Bay to get us organized as an Art Group. Please bring along some of your work so that Mr. Butler may see how we have progressed.

We are still inviting our ladies in town to turn out on Tuesday evenings at 8:15, at the High School, for a little bit of fun. If you are interested, remember the night and time. Get out your gym gear and join in the fun. If Tuesday nights are not convenient, we must have some response before choosing a more suitable night.

ARENA NEWS

All people will be notified by posters and word of mouth when the arena will be open for skating and hockey. This time will not be before Tuesday night at the earliest.

RECREATION FLYER (Cont.)HOCKEY TICKET SUBSCRIBERS

Last year's subscribers are not too fast in letting us know whether or not they wish to have the same seats as they had last year. There has been an extension on the expiry date to October 27th for these people, and after this date, please do not complain if your last year's seat has been sold to someone else for the coming year. Prices will run similar to last year's so if you find it tough to pay all at once, we have a plan whereby you may pay half this month and the other half before the first regular game of the season. These season tickets are not to be used for exhibition games, although season subscribers will have the right to their regular reserved seat for such games.

WEAVING AND SMALL CRAFTS

Miss M. Muff will be coming to our community on Friday, November 4th, to demonstrate her work in small crafts and weaving. We would like all those who are interested in these skills to notify the Recreation Office if you can attend. If you are interested in small crafts such as rope work, mache, metal work, jewellery or weaving, we would like to see you out to this public meeting. This should be particularly of interest to Scout, Cub, Brownie and Guide leaders, as well as many other organization leaders.

FILMS

Our showing of the Department of Education's films will only be once a month for the coming season. You will be notified when the next series will be in for our November showing.
