BASKET BALL PLAYERS AND FANS

You are in for some fine basket ball in Terrace Bay soon. Our team would like to have you come out to the high school gym every Monday and Thursday night from now on at 8:30 p.m. Our team is open to all those who wish to try and equal our quality. If you have a team or a group could form a team please inform the Dir. of Recreation and a game can be arranged with our men's team. They also are very interested in playing inter-town basket ball with any near-by towns.

Do not be the one that forgets and must stand outside in the cold in line waiting to buy your ticket on the day of the game.

WORDS OF THOUGHT

SPORTSMANSHIP...The other day we heard it again....Directly and indirectly we have heard it time and time again.... A coach telling his team members that a violation of the rule is really only a violation if you are caught. I wonder if he would take the same attitude towards the theft of his car or the murder of his wife.

WAS THIS COACH AN EXCEPTION? With some little experience as a player and as an official and hence with some little association with college and high school athletics and coaches, we would say that he WAS NOT an exception. Doubtless to say a lot of coaches would be as nauseated with this bit of athletic policy, as always is the writer. But it is common....TOO COMMON. Just imagine such a coach making an address to some community group on the topic, "HOW COMPETITIVE ATHLETICS DEVELOPE CHARACTER."
