HUNTERS

The Department of Lands and Forests have requested all hunters that have shot moose this year, to turn in the lower jawbone to them. To date only two have been received from Terrace Bay. The information derived from the jaw of a moose is of great value to the department.

Anyone having a lower jawbone, please phone 334 and leave your name and address. Thank you.

FROSTBITE

With cold weather on its way here, a tip on frostbite. Do NOT rub the affected part with snow. Gradual warmth with mild friction (hand over ear for instance) is best to avoid damaging affected tissues. Do not move patient into warm atmosphere until circulation in the affected part is restored.

(From St. John's Ambulance)
