LORD OF THE JUNGLE

TO THE MANAGEMENT AND FELLOW EMPLOYEES OF
LONGLAC PULP AND PAPER COMPANY LIMITED,
TERRACE BAY, ONTARIO.

Dear Friends! - I feel it has been a rare privilege and a true pleasure having been associated with a wonderful company as LongLac has proven itself to be.

I have really enjoyed my task in the Tool Room, not a dull moment, and the memories of the days spent there will stay with me forever.

You boys have taught me some fine lessons in tolerance, generosity and plain human kindness, if there is a better bunch of men anywhere this side of heaven I would like to meet them.

Many, many thanks for your generous gifts and good wishes. I will always feel safe now when I set out for the Slates.

It is needless of me to ask your cooperation to Fred McMillan. He has what it takes "Just pure guts".

So long Boys, not good-by, as I will still be living in the little town around the corner and will be seeing you around.

If you don't see me at the hockey games I'll guarantee you will hear me and remember a smile goes a long long way.

Sincerely,
BILL SCOTT.

NOTICE!!!

A Court of Appeal to hear and determine appeals from the Court of Revision of the Improvement District of Terrace Bay will be held on Friday, January 6th, 1956 at the hour of 2:00 o'clock in the afternoon in the Municipal Office, 179 Hudson Drive, Terrace Bay, Ont. by his Honour Judge A. H. Dowler. W. F. Strutt, Secretary-Treas. Corp. Improvement District

FIRE SAFE CHRISTMAS

Once again the season of the year is fast approaching when we are pleased to be able to shake hands with our friends and wish them well.

Christmas to most of us will mean a joyous holiday season. Our relatives and friends will visit with us, gifts and presents will be given and received and we will all feel proud that we live in a free country where the birth of Christ is recognized and celebrated.

But even with all the good things that go hand in hand with Christmas, there will be many, many homes saddened by the loss of some of their dear ones because of fire. It is terrible for a youngster to be burned at any time, but at Christmas it is a thousand times as bad.

The year that is fast closing has been a fire free year. Our fire loss is very low, we all must strive to keep it that way.

I earnestly solicit your help and cooperation in this matter during the coming Holiday Season and all through 1956.

In closing may I wish to you and yours a Very Merry Christmas and may the New Year usher in the happiest twelve months of your life.

TERRACE BAY FIRE DEPARTMENT

o-o-o

NOTICE

When a fire signal is given town-site residents are requested not to telephone the mill or the fire hall to find out where the fire is located. Some residents are calling the above places out of curiosity when it is essential that the telephone lines be kept clear for the fire department.

Unnecessary calls can delay the fire fighters and could cause loss of property!! Please cooperate.
