

NORTHWESTERN ONTARIO LADIES CURLING (Cont.)

representatives.

A rink goes from club winner to zone winner to playdown winner (where they are hailed as Northwestern Champions) to Ontario winners to Dominion Champions if they are lucky to beat out all competition along the trail. As yet the Dominion finals are only a dream and until Eaton's decides to sponsor our N.W.O.L.C.A. we shall have to continue to work towards that goal.

Should any member of the Ladies Curling Club wish to obtain Revised Constitution of the N.W.O.C.A. you may do so for the small fee of 25¢. Contact M. Hale or I. Romaniuk.

RECREATION FLYER

WOMEN'S BASKETBALL

This Thursday's practice will be called off due to the hockey game on night in our Arena. For the regular practice on Monday, January 16th, we want all to be out as we leave to play in Marathon on Wednesday, the 18th. Be seeing you there.

It looks very much as if our boys are arranging a basketball tournament here in our community. Keep your eyes open for further notice regarding this.

LADIES HOCKEY

For the Monday practices, we are allowing any high school girls wishing to play hockey to come out at 9:00 p.m. We are hoping to play a group from Schreiber in a few weeks.

MINOR HOCKEY NIGHT

Yes, every Saturday night we will be having a minor hockey night, when all teams, Peewees, Bantams and Juveniles will have a chance to show their parents some fine hockey.

Last Saturday night, our Bantams and Juveniles won over Schreiber, while our Peewees were beaten by Schreiber.

Peewee Game--Doug McKay scored our only goal while Boone scored Schreiber's two goals.

Bantams --For Terrace, the scoring went to Joe Wig, Norm Vezina, Ron Schock and Doug Moore. This was five goals to Schreiber's one.

Juveniles --Terrace Bay team had a good tight game with Schreiber, but won out with a score of 6-2 for Terrace.

RECREATION FLYER (Cont.)

MINOR HOCKEY NIGHT

Those scoring goals for Terrace were Dan Kenney 3, Jackie Marsh 1, Bob Adamo 2. Come Out to the next Minor Hockey Night session this Saturday!

MR. HAROLD HARTON - Advisor in Social Recreation - Mr. Harton will be in this area on February 23rd and 24th. We would like to have this man set up a two-day work shop in our town and invite the surrounding towns to attend. This work shop would be for leaders involved in social recreation and similar activities, or for square dance callers. In order to go any further, we must have some response from those in Terrace Bay who would participate in such a work shop, if it could be arranged.

FILMS

The following films are now in the Rec. Office and may be used by different organizations in town. They must be sent away on Monday, January 16th.

EYE WITNESS NO. 68 B&W - 11 minutes.

Star performers at the Calgary Stampede and C.N.E., the Royal Canadian Signal Corp's motor-cyclists now exhibit their breath-taking stunts on the screen. Other items show how Eskimos mine coal in the Arctic, and the publication of books in Canada.

NEEDLES AND PINS B&W - 11 minutes

The night life of a garment worker who shares a union-sponsored program of study and fun. Our guide is Marielle Rousseau, queen of the dressmakers, who develops her natural charm with a well-rounded study of plays, dances, languages and psychology. This is an entertaining introduction to the girls who clothe the nation - the midinettes of Montreal.

DIGGERS OF THE DEEPS - Colour - 13 minutes

Mechanized coal-mining comes to Cape Breton. Skillful photography - much of it underground - shows what is being done to save a depressed industry. We see that machines are only one solution, that the real story is in the people and what the change means to them. Here is a film that reflects the resourcefulness of the Scots-Canadians with warmth and understanding.

JELLY AND JAM SESSION - Colour - 16 mins.

Every woman's introduction to the art of
