HORTICULTURAL SOCIETY NEWS AND NOTES

What is the best way to keep a youngster from raiding your garden? Get him interested in growing one of his own. The Horticultural Society is planning to do just that by creating a Junior Program Branch. Mr. V. Hopper is the Director of this activity and has further information and plans.

Have you checked those precious gladioli bulbs you put away last fall lately? They have a bad habit of starting to sprout about now. A cooler and darker place will retard this. Check them also for mold and rot. Throw any damaged bulbs away.

Watch for the date of the next General meeting.
