One of the strangest phenomena of our modern age is the sudden and inexplicable upsurge in hobby gardening. Whether it is the result of the "new leisure" and the spread of the five-day week, or whether it is due to some completely unknown cause, there are more people dabbling in the earth today than ever before. One odd thing about this wave of gardening enthusiasm is that it is by no means confined to areas where gardening is natural and easy. Communities in Northern Manitoba and Western Ontario - towns built on rock and muskeg, where every pailful of soil has to be wheeled in - are succumbing to the lure of the garden.

There is "good medicine" in contact with the soil - some strange power which relaxes the nerves - something which refreshes and invigorates the spirit, and leaves a man serene and unafraid. The poet Kipling, himself a keen gardener, must have had something like this in mind when he wrote:

"Oh, Adam was a gardener,  
And God, who made him, sees  
That half a proper gardener's work  
Is done upon his knees."

BRUSH STROKES FROM THE ART CLUB

The regular monthly meeting of the Terrace Bay-Schreiber Art Club was held last Thursday, March 1st, at the Rec. Centre. Plans were laid for the Arts and Crafts Exhibit to be held on April 27th and 28th at the High School Auditorium.

The history of Terrace Bay comprises of a great many successful and accomplished "Firsts". The Art Club plans to make its first exhibit the best and biggest "First" possible. Art displays will be imported from Marathon, Red Rock, Heron Bay, Atikokan and Kenora. Everyone is asked to keep the dates April 27th and 28th in mind and plan to attend this coming important event. A door prize and raffle of Oil Paintings will be drawn at the time.

Our instructor comes from Marathon each Thursday (except the first Thursday of each month when a business meeting is held) when classes are held at 8:30 p.m. All members are urged to attend. New members will be most welcome.
