BROOMBALL

By a misunderstanding it was believed that we had 4 broomball teams - Structural, Salary-Misces, Shift #2 and Wood Handling. However, last evening after the play was

BROOMBALL (Cont.)

finished it was learned that Shift #2 and Wood Handling were actually one team - Shift #2-Wood Handling. We want 4 teams and will still be able to play the full schedule. As to the make-up of the teams, each team may have 20 players signed up, but only 15 may participate in any single game. Each team manager must submit a maximum of 20 names along with the team name to Jim Fraser by no later than Monday noon. Only those 20 or less players signed up by this date will be able to play for a particular team and no other team. Any individual or group who wants to organize a fourth team is certainly urged to do so. There are no areas to be considered as it's catch as catch can. So how about forming that fourth team somebody, and everybody - get those names in to Jim by Monday noon March 12th. The fourth team will automatically take the place of Team X.

Tuesday night Shift #2-Wood Handling meet Structural and good groans were had by all. The game ended in a well-deserved 4-4 tie. Since Salary-Misces had no opponent, they split their team. The Rowleys et al beat the Campbells et al 6-2.

See Everyone at the Arena Monday, March 12th at 8:30 p.m.
