

RECREATION FLYER
WORDS OF THOUGHT

To the Coach and Players:

A great American coach uttered a mouthful when he said, "We learn practically nothing from a victory because a winner forgets his mistakes. All our information comes from a defeat".

SUMMER PLAYGROUND AND SWIM STAFF NEEDED

Applications are now being accepted for assistant playground helpers. Any students interested in taking on the responsibility of working either on the playground or at the beach, please take note. We are particularly interested in those who are in Grade 10 or over, either male or female. It would be of some help to those people thinking of entering the teaching profession to work on a playground during the summer. We are hoping for three assistants on the playground and one at the beach.

DIRECTOR OF PLAYGROUND

Applications for this position are now being accepted also. If you are interested in children from 4 to 13 years of age, and have the necessary time, your application will receive consideration. This position requires 40 hours per week and carries a great deal of responsibility, and those applying should have some knowledge of the needs of boys and girls in this age bracket; crafts, social games, group singing, and swimming experience would be an asset, and scheduling knowledge for a summer's playground program.

YOUTH RALLY IN FORT FRANCES APRIL 5-6-7

If there are any of our teenagers interested in attending this annual conference, I would like to have them phone or come into the Recreation Office and leave their names and grade or form in school. This conference is set for an age group of from 14 to 19 years. The only expense involved will be transportation there and back, which, if we have 25 people attending, will be \$14.20 per person. In order to assure living accommodation for you, your name must be entered right away.
