HOUSEHOLD HINTS

Peel or skin tomatoes more rapidly by
spearing the stem end with a fork. Dip
them into boiling water for a few seconds,
and then into cold water. Peel with ease.

To cut marshmallows, dip scissors into
powdered sugar before each cutting.

Sprinkle fruit section with lemon
juice to keep them from discolouring.

To cover meal or fowl with flour more
quicly and evenly, shake each piece in a
clean paper bag partly filled with seasoned
flour.

Use a long-lipped gravy boat to pour
jelly or jam into preserving jars more
easily.

To redeem honey that has crystallized,
stand jar in pan of hot water until honey
liquefies.
