RECREATION FLYER

YOUTH RALLY

Last week 7 teenagers represented Terrace Bay at a Youth Rally in Ft. Frances. After a long, tiring trip, our 4 boys and 3 girls arrived and found their living accommodation. The rally took in over 200 teenagers, some from Atikokan, Dryden, Ft. Frances, Port Arthur, Rainy River, Emo and Terrace Bay.

For the two days, all teenagers sat in and participated in four discussions on -

Boy-Girl Relationship

Teen Ager and Church

Teen Ager and Home

Teen Ager and Play

Each person had the opportunity to discuss problems that exist to the person himself and to home, which we as parents would never hear of at home. The doctors and clergy persons leading these groups could only praise the value of these rallies. Our representatives were few in number compared to the other groups, but when discussion regarding the meeting place for next year's rally came up, many shouts were for Terrace Bay, although by vote Atikokan was chosen. The behaviour of all en route and in Ft. Frances was good and we hope that next year we may have 50-60 teenagers attending from Terrace Bay. Speak to those who attended and hear their opinions of the rally.

The teenagers appreciated very much the financial help that our local Kiwanis Club and Recreation Association gave.

RECREATION FLYER (Cont.)

MINOR HOCKEY FINALS

This year the two PeeWee teams in the playoffs were the Canadians and the Leafs. This was a tough series, being the best out of three. It was unfortunate that more people could not witness these boys play that deciding game. Our champions for the 1955-56 series were the Maple Leafs. Congratulations, boys!

TEEN TOWN

Our next Teen Town will be on Saturday April 21st, and we are again mentioning the need of everyone having a membership card who wishes to attend. These cards are available at the door on the night of the club activities for \$1.50. To have a Club, you must have members - so join soon.

- - -

ROLLER SKATING

Be sure that you are in on the roller skating this season. We hope to have the season start earlier than last year. There is no greater fun than to have this activity included in your group's recreation on a regular basis. The music for this season will be the top music played by a tape recorder, so if you want good music and fun, plan to roller skate.

- - -

CIGARETTE MACHINE

The Recreation Association has bought a cigarette vending machine and installed it in the guard station at the mill entrance.

This machine will vend a package of cigarettes and a book of matches for thirty-five cents. The thirty-five cents may be made up of any combination of nickels, dimes and quarters.

Anyone wishing to buy cigarettes is requested to give the correct change to the guard on duty, who will operate the machine for him.

As in the case of Coca-Cola sales in the mill, all proceeds from the sale of cigarettes will be administered by the Recreation Committee in the furtherance of the overall recreation program in Terrace Bay.
