

PRESENTATION MADE TO D.C. PORTER AND ALEX CHISHOLM

On Thursday, May 10th, Local 665 of the I.B.P.S. and P.M.W., held a dual presentation ceremony for D. C. "Don" porter, former Mill Manager, LongLac Pulp and Paper Company, and to Alex Chisholm, former Bleach Plant helper and former Union President.

The presentation of pen and pencil desk sets was made by Don Husband, President of Local 665, assisted by Peter Romaniuk, Vice-President and Sid Spencer, Recording Secretary. The presentation was made during a shift change and a large gathering of employees was present.

These presentations were made to these men in recognition of their many years of service to the employees of the LongLac Pulp and Paper Company at Terrace Bay. Mr. Porter was Mill Manager from the start-up of operations at Terrace Bay. Alex Chisholm worked for the LongLac Pulp and Paper Company since February 1949 and was active in the activities of the Union, Local 665, for several years serving as President.

Don Porter and Alex Chisholm served their fellow employees unselfishly during their stay in Terrace Bay and it was a fitting and generous gesture that they should receive a lasting memento from their fellow employees.
