FORT WILLIAM CITY OFFICIALS TO ADDRESS T.B.H.S.

Mr. Fred MacDonald, Fort William Horticulturalist, will be guest speaker at tomorrow night's (May 25th) meeting of the Society. Accompanying him to take part in the evenings programme, will be Mr. A. Widnall, Mrs. Rollanson and Mr. Lovelady. During the evening films will be shown and floral decoration and arrangement will be demonstrated.

A large attendance is hoped for.

The first carload of manure will be arriving shortly. Any member wanting same may place his order with Mr. J. Duncan. One dollar to defray hauling expenses, must accompany orders. Members will be notified as to date and time when they may get their load.

NEWS AND NOTES FROM D COMPANY LSSR

Why is the infantryman respected and treated with deference? Is it because deep down men know that these are men who face the enemy man to man and when the crips are down, these are the men who decide whether the battle is won or lost.

With all respect to the Navy and Air Force, the infantryman is still the top man in the services, the man with a rifle.

In the army we call this proud statement esprit de corps. Its a wonderful thing for a regiment to have and to hold. Why don't you be a member of the team.

See you at the Armouries South Camp 7:15 to 9:15 Monday and Friday.

TERRACE BAY MEN'S CHORUS AT KIWANIS

The program at the regular Kiwanis meeting on Tuesday evening was a series of numbers by the Terrace Bay Men's Chorus.

Giving a sample of the fine entertainment which the chorus will provide at their annual sing on June 1st the chorus sang the songs which only they can do so well.

President Des Evans-Smith was in charge of the meeting.

X-RAY SURVEY COMING

Just another reminder that the X-ray survey rail car is coming on June 5th and 6th. The rail car will be set up at the mill with a portable unit at the Recreation Centre.

Here is another question to try:

Q - Can a person have tuberculosis and not know it.

A - Yes - Early tuberculosis has no warning signals. Persons have tuberculosis and
