BASEBALL SEASON OPENS SUNDAY

At 1:30 p.m. Sunday, June 10th the first baseball game of the season will be held on the local diamond. In order that we may revive baseball in the North Shore, challenges have been extended to all Junior and Senior teams of all communities in the district. As the challenges are accepted, we will schedule these games -- thus bringing to you further summer entertainment. However, it should be pointed out that only through your attendance, enthusiasm and generosity will the club find encouragement to bring in as many teams as possible. The game of this Sunday is expected to be one of excitement with our Juniors taking on our Seniors. At this time, we wish to make public appeal to the parents of the Juniors to get out and encourage the youngsters through your cheers. So that as much money as possible may be gathered in order to meet expenses of visiting teams, umpires are donating their services -- and we hope your donations will fit into our collection boxes! All players listed in the line-ups are requested to report at the diamond for one o'clock.

GET YOUR BUSH TRAVEL PERMIT

This summer will see stricter control of bush travel in Ontario in view of last year's record of forest fires---2,247, of which 1,324 were caused by public carelessness and indifference to safety rules and warnings. The announcement was made by Hon. Clare E. Mapledoram, Minister of Lands and Forests, during a recent visit to the northern part of the Province.

As an important part of the fire prevention campaign, bush travel permits are again being issued by the Department without charge. They are being issued by rangers, tourist camp operators, sellers of fishing and hunting licences.
