

SANDRA LOCKING AND RHEA LECLAIR WIN KIWANIS PROFICIENCY AWARDS (Cont.)

with their teachers and fellow students. Mr. Locking sincerely congratulated each winner.

Rhea LeClair lives on Selkirk Avenue and is a daughter of Mr. and Mrs. Rene LeClair. Mr. Rene LeClair works at the LongLac Pulp and Paper Company Mill at Terrace Bay. Rhea has two brothers and a sister at home.

Sharon Locking lives on Birch Crescent and is the daughter of Mr. and Mrs. Dave Locking. Mr. Locking is the principal of the Terrace Bay High School. Sharon has three sisters at home.

Congratulations are certainly in order for Sharon and Rhea as the first winners of the Kiwanis Proficiency Awards.

The winners will have their pictures and their names entered upon a suitably framed honour roll which will be placed in each school and which will be utilized for many years to come.

TERRACE BAY FISH AND GAME ASSOCIATION

Despite the heavy rain, a very successful program for teen-age boys was held on Saturday afternoon June 23rd. After a showing of films depicting wild life items of interest to the boys a safety film dealing with blasting caps and detonaters was shown and discussed.

The program was then carried on in the Arena, consisting of instruction in water safety items, such as the handling of small boats and canoes, followed by a demonstration of fly casting - bait casting and spin fishing with instruction and discussion on the various types of baits and lines used.

The instructors for this session were Ken MacLeod, Bob Hales, Verl Thompson and Stan Hodgkiss and this group wish to compliment the boys on their excellent behaviour and attentiveness throughout the afternoon.

At the regular monthly meeting of the Association held on Monday, June 25th an interesting discussion period was developed. A very welcome visitor, Mr. R. A. Ryder, District Biologist of the Dept. of Lands and Forests, Port Arthur was in attendance and he answered numerous questions advanced by the members present in a most instructive manner.

A film on the "Sea Lamprey" and an instructional film on forest fire fighting concluded the meeting.
