

RECREATION FLYER (Cont.)TERRACE BAY LADIES' SOFTBALL

Schreiber, going in favour of the Terrace Bay Ladies, the score being 23-8. Come out and support the Ladies' team.

Schreiber Lineup - Carmichael, Cosgrove, Irwin, Riley, Weaver, Tookenay, Ross, Stortini, Sly, Chelton, Humenicki, Yates, Morris.

Terrace Bay Lineup - S. Dorman, E. Boutillier, G. Delaronde, G. McDonald, H. Dennis, S. Marquis, D. Desgagne, R. LeClair, E. Partington, M. Pluta, A. Wilson, L. Jolin, L. Desaulniers, M. Edmonds.

NORTH CAMP SOFTBALL

Last Thursday night saw the most exciting game yet played at North Camp. The Canaries increased their lead over the Budgies 4 games to 1, but it took a home-run, with one man on and two out in the bottom of the seventh inning, to do it. The game was tied 6-6 in the third, and 12-12 in the sixth. Then the Budgies picked up eight runs off Dorman, who substituted for Hove in the seventh. In the bottom of the seventh, the Canaries came through with 6 runs, to make it 20-18. With two men out, Poltyuk tripled driving in a run, and Letkeman homered to end the game 21-20 for the Canaries.

Interest in these games seems to be increasing, and with the new bleachers, there is lots of room. Games will be held each Thursday and Sunday at 7:00 p.m.

PIANO TUNER

Heintzman and Company of Fort William have advised that they now have a piano tuner who will be working in the Geraldton area, included in which is Terrace Bay. They assure us he is a qualified man, and would like to have the names of people who could use his services. If your piano is in need of tuning and you wish to have it done in the near future, will you leave your name with Mrs. S. Hodgkiss, phone 408.

PLAYGROUND PATTERN

This week the children have been enjoying various crafts, stories and games all in keeping with our Fairy Tale Week.

RECREATION FLYER (Cont.)PLAYGROUND PATTERN

On Monday morning the Juniors were all led into the Curling rink, where they marched in quick step to Jim's trumpet music. To keep the kiddies amused during the long roll call, their leader, Joe Marcella, had them repeating certain actions and sounds. The mornings' play then began.

While the boys had relay races in the Gym under Marvin's leadership, the girls were busy constructing movable nursery characters, like "The cow jumping over the moon". We had them all saying the little verse "Hey, diddle, diddle" after they were completed. The boys followed up with the same idea later and got quite a kick out of it. Stories and nursery songs were enjoyed then until 11:30.

The afternoon was interspersed with rain showers, but many children attended the beach programme, in spite of the weather. Some stayed behind at the Centre, where Helen and Elaine supervised quiet games inside.

Again on Tuesday, the rainy weather kept several intermediates and seniors away. However, a surprising number turned out by 10:00 o'clock, at which time roll call was taken inside the Curling rink again, followed by various relays of skill and fun, led by Helen and Gail. The girls then tackled their papier mache puppets, which will be excellent models for our future puppet show in August. Some began animal forms, to be completed by Friday, July 27th, for the Mother Goose Parade. In the meantime, the boys had a good time playing lacrosse in the Arena. This is a wonderful game for the boys, as it develops skill and high interest and also uses up an overflow of energy.

The Junior group on Wednesday was occupied in displaying their usual original ideas, this time of their favourite nursery characters, by all working together in sets of five on large posters. These colourful pictures will be paraded through the streets on Friday to demonstrate the hidden talent of the younger set. They also helped the leaders in making adorable little people for the "Old Woman who live in a Shoe". This "Shoe" will be on the craft display Friday during the Parade.

Thursday saw the girls putting the finishing touches to their puppets, as plans continued for the puppet show. The boys had their fingers in the papier
