LIBRARY NEWSFear is the Same - Carter DixonJennifer Baird and Lord Philip  
Clovering suddenly materialize in Regency  
London of 1795, and find themselves  
haunted by disturbing memories of 1955.  
Bewildered and puzzled they realize  
the same dangerous events, including  
murder that had confronted them in  
1955 face them now in 1795. A thoroughly  
enjoyable suspense thriller made more  
interesting by the picture of life  
and the people during the time George  
IV was Prince of Wales.Library Hours
