

ICE CHIPS (Cont.)

your every moment at these pre-season drills will be entertainment in itself. We have never before been able to make such a statement and it should give you some indication as what to expect from our Big Blue Team in the forthcoming season.

Next week we will endeavour to give you more information and bring you up to date re the local Hockey happenings here in Terrace Bay.

If you have any questions you would like to ask re Hockey as a whole or hockey in our local area, please address them to "Ice Chips" in care of the "News" and we will try to answer them in this column from week to week. This is a new venture and we sincerely hope we will be able to clarify any rules, etc. that you, the hockey public may not quite understand and have no official means of obtaining the information.

ARMISTICE DAY DINNER PLANS STARTED

In 52 more days another Armistice Day will be here and with it another Armistice Day dinner sponsored by the ex-servicemen of Terrace Bay.

The committee which you appointed last year has already met and roughed out a tentative program.

Members of the committee are: Joe Wig, Ron Faust, Jack Little, Gordon Black, Ken Hutchinson and Joe Heenan.

This notice is to remind all you fellows and girls to keep open Saturday, November 10th, 1956. Tickets won't be on sale for some time yet but for the two hundred and more eligible people we would like to point out that maximum accomodation will be in the neighborhood of one hundred.

In the meantime may we suggest that you leave your name with Ken Hutchinson, who is in charge of tickets and make an early reservation.

We hope for a "bang up" night so make your plans now. Lots of you fellows can form a group right in your department. The cost will probably be \$2.00 per ticket.
