

A PROUD RECORD (Cont.)

During this same time the country has been beset with troubles of this nature and it certainly makes us happy to be able to make such a report here.

Will each parent, each teacher and each youth leader mention this point to their children and let them know that is a record to be proud of.

M. O. Nelson,  
Chairman,

A PROUD RECORD

Just before the start of another ice season the Recreation Committee and staff would like to point out a fine record to the parents, teachers and youth leaders in Terrace Bay.

The arena and Recreation Centre have now been operating for two years and never once during this period have our children and young people caused any vandalism in the Centre.
