

A Christmas Message

December 1956

To all employees of the LongLac Pulp and Paper Company, their families and other residents of Terrace Bay:

This is my first opportunity as Mill Manager to extend the greetings of the season to you and to express my thanks for the help and cooperation I have received during the past several months. With this type of support the problems of a new job become considerably less difficult.

Once again we have completed a most successful year so far as the operation of the mill is concerned, and also through a continued growth in community spirit and activity. When we compare our situation with that of so many people throughout the world we must realize that just living in Canada is one of our greatest blessings. Here in addition to material prosperity we can live in peace as free men and women.

Therefore, I sincerely wish each of you a very Merry Christmas and a Happy, Prosperous and Peaceful New Year. Let us, however, take just a moment during this joyous season to express the hope that within the near future the entire world will be able to enjoy the blessings which we possess.

J. C. Wig,
Mill Manager,

LONGLAC PULP AND PAPER COMPANY LIMITED
