LIBRARY REVIEWS

Time to Remember Lloyd C. Douglas
The author of Magnificent Obsession and the Robe writes of his childhood in the late 19th and early 20th century. These delightful reminiscences are the last from Douglas's pen as he died in 1951 before finishing the second part of his autobiography.

The Key Man Clarence Buddington Kelland
The setting of this story is behind the scenes in a large T.V. studio. All was well until a beautiful blonde joined the cast under circumstances that spelled blackmail. When Peter Mortain discovered a body in his apartment, he became the key man in a gang risking everything in the intrigue of smuggling and blackmail. A thoroughly enjoyable fast moving mystery.
