LIBRARY REVIEWS

ARCTIC BRIDE - Wanda Tolboom

This is the vivid and most entertaining account of the author's first two years of married life spent in an isolated Hudson's Bay trading post, situated on the far north-eastern shore of Hudson Bay. The nearest neighbors were 100 miles away and except for occasional visitors from the outside, their only associates were Eskimos. The author's descriptive writing gives the reader an intimate picture of what life is like the year around in that land, of Eskimo character, including exciting stories of motor boat travel in dangerous waters, and of dog-sled trips.
