### FIGURE SKATING NEWS

This year the annual "Ice Frolics" will be held on the 16th of March with an afternoon and evening performance to enable as many people as possible to see the show - this gives us a little more than a month to do all those things that make an outstanding show. First thing above all is that each act has to be rehearsed until it is as perfect as possible. Mrs. Pattison, of course will show you all just what to do, and how to do it, but the rest is up to you. Therefore, you can see how important it is that all skaters come out to all their practices AND ON TIME. A little reminder from Mother or Dad does wonders too! Even on the days it isn't "your" day for rehearsing, there is always a patch of ice for individual practice, remember even a professional skater has to practice.

Secondly, while some of the costume from the Skaters Wardrobe are being re-used this year, re-designed of course, the new material we ordered has not come in as quickly as we had anticipated, but as soon as it does (and we hope this will be within the next 2 or 3 days) it will be distributed by a convenor, and it is hoped that each mother will make it up as soon as possible and the way the convenor specifies. We would like to have at least one costume per skater made up by March 3rd as pictures have to be taken for the posters and also for sale as they were last year. Costume convenors will be listed in the NEWS next week, and if by then any mother who does not have the material for her child's costume, please contact the convenor of

the number your child is participating in.

Tickets have now been printed and will be sold "door to door" on or about February 23rd. Prices will be the same as last year - 25 cents for children, 50 cents for students and 75 cents for adults.
