

Secretary-Registrar of the T.B.A.H.A. to have their Executive consider Frank alters November 4th statement and his February 13th decision; since Secretary Broughton has polled practically all the Governors and Team Representatives attending the November 4th meeting for their understanding of the statement made by Frank Walters, and they all agree to his having made the statement, this reporter is anxious to learn if Frank "did not recall having made such statement, and if he had, he would stand by his statement" or will the T.B.A.H.A. uphold Frank's February 13th decision. If the decision is in favour of the latter, then it seems that our League is being given an orphan treatment by our parent group. Throughout the winter months the Chaired Officers of the N.S.H.L. particularly, as well as the remaining Governors, team managements and players devote much of their time gratis in promoting hockey under the jurisdiction of the T.B.A.H.A. In our efforts last season to stop the former senior club of the Bearcats meeting our Intermediate winner, we are to understand that the T.B.A.H.A. endeavoured to support our cause. The result - Bearcats meet Marathon-Bearcats continue west in quest of Intermediate supremacy. And now, the following season, another "knock" at the N.S.H.L. What will it be next year about this time - as this late time of the season seems to be their opportune time to get at the League. Why are they not in a position to lay their plans as they effect our League before our season begins. They will tell us before the League commences that they want an affiliation fee of \$10. per team and \$200. from our play-offs. This reporter can go on and on, but because it is players and fans who make our League the strongest of any under the jurisdiction of the T.B.A.H.A., it could be that your protests may have our parent group give better than an orphan treatment to their \$260. North Shore Hockey League.

President Malcolm Craig opened the regular meeting of the Home and School meeting held Monday evening in St. Martin's Separate School by the singing of "O Canada". Minutes of the past meeting and executive meeting were read by acting Secretary Mrs. Alice Farrow and the President gave the Treasurer's report.

Announcement was made of the purchase of the Eye Testing Machine for the use of the three schools in Terrace Bay, and also the school at Rossport. A letter was read from Mrs. Foulds, stating from lack of interest there would be no Regional meeting this spring, but suggesting a meeting be held between our town with that of Schreiber and Marathon.

Fred Gould spoke briefly on the subject of a band formation in Terrace Bay, and while it was generally agreed this would be a very worth-while thing to have, it was felt the Home and School could not directly sponsor such an item. Mr. Goulds will investigate further on the interest of children and their parents, as well as the possibility of a teacher and instruments.

Mr. "Curly" Hale, as chairman of the Boys and Youth Committee of the local Kiwanis Club presented the Home and School President with a cheque for One Hundred Dollars to be used toward the purchase of the Eye Testing Machine. Mr. Willard Vezina very gratefully thanked Mr. Hale and the Kiwanis Club on behalf of the parents of this Community for their very generous and timely donation.

Introduced by Mr. Paul Boudreau, speaker for the evening was Mr. Ab. Farrow, President of the Terrace Bay Horticultural Society, who gave an address on the "Spirit of Gardening", where he endeavoured to show the rich rewards of personally having a garden. Mr. Harry Goodfellow as the Society's Junior Program Chairman, outlined the program planned for children, aged 8 to 16 for this coming summer. At present sponsored by the Society, they hope to eventually set up a Junior Society run by the children themselves to include not only gardening, but birdhouses, photography and so on. Mr. Farrow showed some very beautiful coloured slides taken from early spring till late fall of his garden, as well as a few of the annual show in Eastern Ontario. Tea was served by Mrs. Evelyn Falzetta and her committee.
