Adventures in Paradise - Welland Price

Welland Price writes a lively narrative of travel in the South Pacific. The tropical paradise of Tahiti where food is for the taking and clothing and shelter easily come by, makes for a happy and lovable population. Mr. Price writes also of the famous people who have inhabited these lovely islands and the interesting histories of the islands of Tahiti, - The Cooks, Samoa and Fiji.

Reading this book is the next best thing to a winter vacation in the tropics.

ART CLUB NEWS

Re: - Special Spring course in Basic Art.

We were very pleased with the response, and as soon as we have something definite on the subject we will publish the good news.

It is suggested that those who contacted us in this connection should drop around Thursday night. Those who have worked in oils (or any other medium) might like to bring along their equipment and get limbered up for the course! If it should be your first venture in art, perhaps we can "brief you". Then you can practice a bit before the course starts.

Don't worry if you haven't anything to work with, we'll fix you up with something.

In fact we just received a new supply of material this week.

An interesting evening has been planned - don't miss it!

ATTENTION Women of the Moose -

The March 6th meeting of the Women of the Moose has been postponed until March 20th. It will be held at the Recreation centre in the large meeting room.
