

to hear Mr. N.W. Harrison, Provincial Agricultural Representative from Port Arthur, who was guest speaker for the evening.

Mr. Harrison's topic, "good lawns" was most explicit and included full details for combating our sandy soil, types of seed, drainage, care and many recommendations for fertilizers and insecticides. Many local problems were dealt with by Mr. Harrison with equal clarity during the discussion period which followed. President Ab. Farrow thanked Mr. Harrison for the fine talk and the help he had given to the members that evening.

Mr. John Shivas spoke briefly on the soil analysis carried out last Fall from the members' gardens, and made several recommendations for chemicals and proper fertilizers to improve the growing quality of this soil.

Mr. Harry Goodfellow reported the Junior Programme was progressing well and Mrs. Mary Husband stated there were now 64 members and anyone wishing to join could contact any member of the executive before March 31st with their One Dollar to entitle them to the premium of a Peony root.

Found - New pair of children's green wood mittens at the Arena last Friday. Owner may have same by contacting Mrs. Joe Campbell, 250 Kenogami Rd. or Phone 503.

ART CLUB NEWS

On March 7th the Terrace Bay Art Club had as their guests the members of the Schreiber Art Club. It was like old times having them with us again.

We had several studies from which to choose, some very interesting sketches were made in charcoal and pastels.

Members of the two clubs discussed their future plans for classes. Coffee and cake were served during the "gab

(Cont'd next column)

session" and everyone was sorry to have the evening end.

This week, prior to the work period, there will be a showing of photographs taken in this region.

There are some supplies which have not yet been picked up. We would like to have this order cleared up before we order again.

HOME AND SCHOOL ASSOCIATION NEWS

Sure and there's many a parent in Terrace Bay who've been hearin' a wee murmur about the doings at next Monday's Home and School Association meeting. Since it's the time to be honorin' St. Patrick himself a program arranged by Mrs. F. O. Soughton and featuring pupils from the three schools will be presented.

Come out and see our lads and lasses take part in a gay jig or a lilting tune on Monday the 18th at 8.15 P.M. in the High School Auditorium, we know you'll enjoy it.

The Association find the present supply of cups and saucers inadequate and ask that this meeting take the form of a cup and saucer shower. Fine china is not necessary - just bring along that extra cup and saucer from home. See you there?

Local Conservation Poster & Essay Contest Winners are announced.

A feature of the evening's program held in connection with the Northwestern Ontario Conservation Federation's display on March 8th at Terrace Bay, was the presentation to local children of prizes won in a separate contest, sponsored by the Terrace Bay Fish & Game Club.

Entries submitted by pupils from the local Separate and Public Schools were judged at a regular meeting of the Club. This selection also determined the posters and essays that would be entered in the Federation contest, representing Terrace Bay.

The Committee in charge of this project was J.B. Garvin, Nelson Allen and Elmer Persson as Chairman.

During the evening Elmer Persson called on Mr. J.M. Taylor, District Forester, Department of Lands & Forests, Geraldton, to make the presentations and prizes awarded were as follows:
