

Can the "Palefaces" win their hockey feud with the services of "D.P." Brady.

So much for the humorous side on the "show of shows". We cannot bring you the type of show held annually in Toronto's Maple Leaf Gardens in its promoters' assistance to the Crippled Children of Ontario. In a humble and modest manner, we present you the "Palefaces-Lunch Pails", the show of the year through the compliments of Timmy. As we all know, the Easter season is the time emphasized to dig into our pockets and help generously Kiwanis in their great work of assisting Crippled Children. The cost of helping a child to overcome physical handicaps is high - much higher than the average parent can possibly afford. Only through the generous giving of the general population do literally scores of crippled youngsters get their chance to correct their physical ailments, and finally take their place as useful members of society. This will be the third season that a silver collection will be taken at the entrance. Donations - small or big - are all accepted, as these proceeds will be presented to Dr. Bill Rundle, Chairman of the District Easter Seal Campaign. Support Easter Seals in aid of Crippled Children. Borrowed from Hockey's Hall of Fame, the stars "copy-righted" names of 1952 added with those since "patented" will appear in the "Line-up".

LUNCH PAILS

K. OF C. AMATEUR SHOW

Just a short reminder folks (and coming Stars of Tomorrow) that the third annual Amateur Show, under the sponsorship of the Knights of Columbus, is slated for Friday, May 10th in the High School Auditorium. A brand new type of show is planned for this year, and while there is still plenty of time before it comes off it's never too early to start rehearsing. This Show will be restricted to entrants from Schreiber and Terrace Bay and the Co-Chairmen in charge are Bill Sernesky and Eldon Marostica.

ART CLUB NEWS

Several interesting arrangements will be provided, suitable for charcoal, pastel or oil studies.

Please bring along some of your work, so that the instructor may choose entries for the exhibition, which is planned for April. This also applies to our new members. Even if you have only a few studies, bring them along.

ANOTHER "FIRST" FOR TERRACE BAY

The Building Block and Supply Co. wishes to announce the opening of their plant in the South Camp area, just north of the Canadian Pacific Railway.

By eliminating an expensive freight haul, we feel we can save you a substantial portion of your building costs.

We have a good inventory of laboratory tested blocks on hand, and will be pleased to quote on your requirements, either in the yard or delivered.

Building B. & S. Co.,  
 Telephone Terrace Bay 397
