TERRACE BAY FISH & GAME ASSOCIATION

Six of the local club members attended the spring convention of the Northwestern Ontario Conservation Federation, Zone One, held at Fort Frances over the past week-end.

Elmer Persson, and Cliff Woods were the official club delegates and others making the trip were Tony Delaronde, Charles Haviland, Don Ollen-Bittle and Stan Hodgkiss, Federation, vice-president.

Four delegates, plus district foresters and conservation officers attended the meetings. A highlight was talks by Dr. H. H. MacKay of Toronto, Dept. of Lands & Forests and Mr. H. V. Swenson of St. Paul, Minn. who are both fisheries experts. These gentlemen also took part in a discussion relative to the control of the lamprey eel, in Lake Superior and told of the steps the U.S. and Canadian governments are taking to eliminate this predator.

Among the resolutions discussed and passed for future presentation to the Provincial Government were those asking for: (1) Jail sentences for jacklight hunting of deer, in addition to present fines; (2) A uniform moose hunting season for the Thunder Bay district. (3) A motion from George Hambly of the Thunder Bay club that the Prov. Govt.

reinstate the yellow pickerel or walleye fishing season to coincide with that for the north-eastern section of the province, as these fish do not spawn as early in this district as in the Rainy River district. This motion was given unanimous approval.

The Zone One trophy for outstanding achievement in promoting conservation in 1956 went to the Great Lakes Club of Fort William.

Included in convention business were reports on Lake Superior fishing by Tony Delaronde, inland game fish by Nelson Allen and the Federation educational program by Stan. Hodgkiss, all of the Terrace Bay club.

The Fall meeting and election of Zone officers has been scheduled for late September at Fort William.
