CENOTAPH MEMORIAL

Last week mention was made of the possibility of receiving scale drawings of an entirely brand new idea for our proposed Cenotaph, utilizing "Indiana Limestone."

Just two days ago a letter was received from Mr. Alf Barbini, addressed to Eldon Marostica, and we quote directly from it:

"Dear Eldon:

We are sending you (shipped by Lakehead Freightways April 30th) a scale model of proposed cenotaph; this model is not silicone treated as the large one will be.

Because of its size I had to cut it by hand but a big one would be machine cut and obviously of better workmanship. Provided that you give me all necessary assistance for erection, I will personally deliver and install the cenotaph at no extra charge to you. Many thanks for the opportunity of assisting you.

If you decide on this cenotaph I will send a detailed drawing of foundation which you fellows can erect; ready to receive stone.

Yours very truly,
 FRED BARBINI LIMITED,
 (signed) Alf Barbini."

As at press time the SCALE MODEL had not arrived but was expected momentarily. When this is received the Remembrance Day Committee in charge will meet and arrive at a definite decision.
