RECREATION FLYERROLLER SKATING - STARTS THURSDAY, MAY 23RD

Thursday, May 23rd, marks the opening of the roller skating season in the Terrace Bay Arena.

Rapidly becoming one of the most popular pastimes on the continent roller skating appeals to young and old alike. Those who haven't skated before, find it very easy to learn no matter what their ages.

Addition of coloured lights and new music in the local arena should make roller skating even more enjoyable this year.

Plans are underway now to have regular skating instructors at the arena, and to have a varied program of skating to appeal to all classes of skaters.

REMEMBER: It's roller skating every Thursday starting May 23rd, from 7 - 10 p.m. at the Terrace Bay Arena.

(cont'd)

ROLLER SKATING - Prices as follows:

ADULTS - Members of the Recreation Association - 35¢ including-skates  
 Non-members - 50¢ " "

CHILDREN - Members - 25¢ " "  
 Non-members 35¢ " "

ADULT ART CLASSES

The Adult Art Group held its first lesson in its 'Spring Art Course' last Thursday at the Recreation Centre. Although an increased turn-out was on hand there is still room for more budding artists. Remember you don't have to be a genius - all you have to have is the will to learn!

Newcomers will not find themselves behind if they start this Thursday nite. The lessons this week will be the colors, the color wheel, and color mixing. If you haven't a set of water paints (Student's Sets) you can always borrow them for this one lesson. (Any High School student should have them)

The Beginners Class has been combined with the advanced class until such time that additional beginners have registered. As the courses coincide with each other until the final two lessons this arrangement is proving satisfactory.

Don't forget this week (Thursday) 8 p.m. in the large meeting room. Bring paper, if you have some, (if not we can supply) - water paints, water colour brush, and scissors.

CHILDREN'S ART NEWS

The Children's Group got under way on Saturday morning with a turn-out of 17 children. This was below what was anticipated, but
