the 2 Shift 3-4 pitchers for 16 hits, the Salary team displayed a formidable offensive as they sprayed both the infield and outfield with well-placed hits. Shift 3-4 tried hard but could not cope with the harder hitting Salary team.

As far as hitting went, for Salary it was "Ray Hanson Night" as the hard-hitting 3rd baseman cracked out 4 hits in 6 appearances including a homerun, triple, double, & single. Ken Ward and Nick Chopty also helped pace the Salary attack with 3 hits apiece. In addition Chopty also pitched his usual steady game.

For Shift 3-4 Aho tried hard to keep them in the game with his 3 hits. Zebrowski and Kolody also chipped in with 2 hits apiece but to no avail.

SHIFT 3-4 VS. SHIFT 2 - MTCE. Fri., June 28

Shift 2 - Mtce. continued their winning streak with a 5-0 Shutout over Shift 3-4. Starting early, the Maintenance men bunched 2 hits and a wild pitch for 3 runs in the 1st inning to obtain all the runs necessary in taking the decision. Two more runs by Maintenance in the 6th on 2 hits, 1 error, 1 walk and 2 wild pitches only served to sew up the game for the sharp fielding Maintenance team.

The game turned out to be something of a Pitcher's Contest as Zwaresh for Maintenance and Aho for Shift 3-4 had the hitters stymied.

Zwaresh turned in his 2nd consecutive shut-out on the mound for Maintenance as he twirled a neat 3-hitter and had the game under complete control. Sadowick paced the Maintenance attack with 2 hits while defensively Belliveau's one-handed gloved catch of a well-tagged hit by Kolody saved Maintenance from being scored upon.

For Shift 3-4, Aho hurled one of his better games on the mound. However the inability of his mates to obtain any runs caused his defeat.
