LIBRARY NEWS

The Trembling Hills - Phyllis Whitney

This is a romantic novel of San Francisco at the time of the great fire.

Long before Sarah came to San Francisco, the candle-lit figure in the mirror had haunted her dreams. But in the towering old Varady mansion, where the sound of a kitten's mewing could make a domineering woman quake with fear, the nightmare turned into reality.

Sarah had grown up in Chicago strangely shielded by her mother from any knowledge of her father, or of her parents' San Francisco background. Yet the city was connected in her mind not so much with her family, as with Ritchie Temple, who had left Chicago to follow Judith Renwick west. In her own estimation, Ritchie was the only man for Sarah. Judith, ash blonde and fragile as a figurine, was surely no match for Ritchie. Once she arrived in the city of the Golden Gate, she determined to win him back. Yet San Francisco held still more for Sarah - she was to find there a clue to her mysterious past.
