

S A F E T Y S U G G E S T I O N C O N T E S T S T A R T S T O - D A Y

In an effort to stimulate interest in safety we have run many types of contests during the past nine years. At no time, however, have we run a contest geared to safety suggestions.

During the past year-and-a-half, we have talked a lot about "unsafe acts", and "unsafe conditions". Much has been done to emphasize the importance of dealing promptly with all unsafe acts and conditions observed in order to cut down on the number of mishaps in our mill. By eliminating causes, we know we can cut down on mishaps and resulting injuries.

Despite our best efforts to date, we still have a big job to do. And it's the kind of a job that can be done best by fellows who actually do the job and therefore know the problems.

Bearing all this in mind, the Safety Contests and Promotions Committee has worked out plans for a Safety Suggestion Contest. In fact there will be two contests. The rules are simple: -

1. The contest is open to all LongLac employees except members of the Contest Committee and Safety Advisory Committee.
2. Safety suggestions submitted may relate either to "unsafe acts" or "unsafe conditions" connected with LongLac's mill or townsite operation.
3. Suggestions must contain at least a partial answer to the problem cited. The more complete the solution is, the better opportunity a contestant will have of winning a prize.
4. The Safety Contests and Promotions Committee will act as judges and may consult with the Safety Advisory Committee if they so wish.
5. The first contest period will run from August 1st to September 30th 1957. Winners will be named prior to October 31st following which another contest will be run.
6. Prizes will be awarded as follows:
 - (a) First Prize - Choice of:
 - Sunbeam Mixmaster with Juicer,
 - Elgin or Bulova Ladies' or Gent's Wrist Watch,
 - Samsonite Luggage 2 pc. Ladies' or Gent's Set,
