SAFETY SUGGESTION CONTEST

Take another good look at the choice of prizes being offered the winners of the Safety Suggestion Contest. They're listed in the Safety Display Window in the mill entrance hall.

It doesn't take too much to win one of these prizes. A good workable solution to some safety problem is all that's necessary. You've probably had many such ideas in the past years and never done anything about them. Now is your chance. Pick up an entry blank and turn in your suggestion by the end of the month.

Prizes for the first part of the contest which ends September 30, will be awarded by the end of October. A second contest will start September 30, and end November 30.
